279	employees, officers, and partners make no representation with respect to permits or such other evidence of government approval for the	279
280	construction of the structures to be built by Seller, of the environmental conditions, the permitted uses, the financial condition of Seller, or the	280
281	conditions existing in the locale where the property is situated; nor have they made an inspection of the components, appliances, systems, or	281
282	consumer products to be installed in or about the Property.	282
283	(C) It is further understood that this Agreement contains the whole Agreement between Seller and Buyer and there are no other terms, obligations,	283

285	will not be altered, amended, changed, or modified except in writing executed by the parties.	285

297	<b>EXPRESSLY DISCLAIMS ANY SUCH REPRESENTATIONS OR WARRANTIES.</b> Buyer hereby acknowledges and accepts such disclaimer and agrees to waive any and all rights Buyer may have by virtue of such representations and warranties. Except for the warranties provided by Seller, Buyer assumes the risk of any and all damage from the date of settlement, occurring in or appearing on the Property regardless of the cause thereof. Buyer's assumption of this risk is partially in consideration of the amount of the purchase price of the Property which is lower than it would be if Seller was to be held responsible for any such risks by virtue of said expressed or implied representations or warranties.	297

# NOTICES AND INFORMATION

## NOTICE TO BUYERS SEEKING MORTGAGE FINANCING

The appraised value of the Property is used in determining the maximum amount of the loan and may be different from the purchase price and/or market value.

## COMMUNICATIONS WITH BUYER AND/OR SELLER

Wherever this Agreement contains a provision that requires or allows communication/delivery to a Buyer, said provision shall be satisfied by communication/delivery to the Broker for Buyer, if any. If there is no Broker for Buyer, all such provisions may be satisfied only by communication/delivery being made directly to the Buyer, unless otherwise agreed to by the parties.

Wherever this Agreement contains a provision that requires or allows communication/delivery to a Seller, said provision shall be satisfied by communication/delivery to the Broker for Seller, if any. If there is no Broker for Seller, all such provisions may be satisfied only by communication/delivery being made directly to the Seller, unless otherwise agreed to by the parties.

## NOTICES AND INFORMATION ON PROPERTY CONDITION INSPECTIONS

### U.S. Department of Housing and Urban Development

#### FHA Loans:

#### For Your Protection: Get a Home Inspection

#### Why a Buyer Needs a Home Inspection

A home inspection gives the buyer more detailed information about the overall condition of the home prior to purchase. In a home inspection, a qualified inspector takes an in-depth, unbiased look at your potential new home to:

- evaluate the physical condition: structure, construction, and mechanical systems
- identify items that need to be repaired or replaced
- estimate the remaining useful life of the major systems, equipment, structure, and finishes

#### Appraisals are Different from Home Inspections

An appraisal is different from a home inspection. Appraisals are for lenders; home inspections are for buyers. An appraisal is required for three reasons:

- to estimate the market value of a house
- to make sure that the house meets FHA minimum property standards/requirements
- to make sure that the house is marketable

#### FHA Does Not Guarantee the Value or Condition of your Potential New Home

If you find problems with your new home after closing, FHA can not give or lend you money for repairs, and FHA can not buy the home back from you.

#### Radon Gas Testing

The United States Environmental Protection Agency and the Surgeon General of the United States have recommended that all houses should be tested for radon. For more information on radon testing, call the National Radon Information Line at 1-800-SOS-Radon (1-800-644-6999). As with a home inspection, if you decide to test for radon, you may do so before signing your contract, or you may do so after signing the contract as long as your contract states the sale of the home depends on your satisfaction with the results of the radon test.

#### Be an Informed Buyer

It is your responsibility to be an informed buyer. Be sure that what you buy is satisfactory in every respect. You have the right to carefully examine your potential new home with a qualified home inspector. You may arrange to do so before signing your contract, or may do so after signing the contract as long as your contract states that the sale of the home depends on the inspection.

## PROPERTY INSPECTION NOTICES

**Property Inspection:** Inspections of the Property can be performed by professional contractors or a home inspector, and may include inspections of: structural components; roof; exterior windows and exterior doors; exterior siding, fascia, gutters, and downspouts; appliances; electrical, plumbing, heating, and cooling systems; water penetration; and any other items Buyer may select. Other inspections or certifications might include: Environmental Hazards (e.g., Mold, Indoor Air Quality, Asbestos, Underground Storage Tanks, etc.), Electromagnetic Fields, Wetlands Inspection, Flood Plain Verification, Property Boundary/Square Footage Verification, and any other items Buyer may select. Buyer is advised to investigate easements, deed and use restrictions (including any historic preservation restrictions or ordinances) that apply to the Property and to review local zoning ordinances.

**Flood Plains:** If the Property is located in a flood plain, Buyer may be required to carry additional insurance.

**Property Boundary / Square Footage:** Buyer is advised that Seller has not had the Property surveyed and that any fences, hedges, walls and other natural or constructed barriers may or may not represent the true boundary lines of the Property. Buyer is also advised that any numerical representations of square footage of the structure(s) and/or lot size are approximations only and may be inaccurate. Buyer is advised to engage a professional surveyor or obtain an independent measurement of the structure(s) and/or lot size if the Buyer wishes to make this sale contingent on Buyer's approval of the Property's boundaries or square footage.

**Water Service:** Buyer may elect to have the water service inspected by a professional water testing company. In addition, on-site water service systems may have to meet certain quality and/or quantity requirements set by the municipality or the lender.

**Wood-Destroying Insect Infestation:** Insects whose primary source of food is wood, such as termites, wood-boring beetles, carpenter ants, carpenter bees, and certain other insects, can cause damage to the wood structure of a residence. Termite and Pest Control companies are available to make inspections to determine whether wood-destroying insects are present. Because of the way these insects function, damage to wood may be hidden. Careful selection should be made of skilled experts in the termite/pest control field to insure a proper determination of whether wood-boring insects or resultant damage is present.

## ENVIRONMENTAL NOTICES

**Electromagnetic Fields:** Electromagnetic Fields (EMFs) occur around all electrical appliances and power lines. Conclusive evidence that EMFs pose health risks does not exist at present, and Pennsylvania has no laws regarding this issue.

**Environmental Hazards:** The U.S. Environmental Protection Agency has a list of hazardous substances, the use and disposal of which are restricted by law. Generally, if hazardous substances are found on a property, it is the property owner's responsibility to dispose of them properly. For more information and a list of hazardous substances, contact U.S. Environmental Protection Agency, Ariel Rios Building, 1200 Pennsylvania Ave., N.W., Washington, D.C. 20460, (202) 260-2090.

**Wetlands:** Wetlands are protected by both the federal and state governments. Buyer may wish to have the Property inspected for wetlands by an environmental engineer to determine if permits for plans to build, improve, or develop the property would be affected or denied because of wetlands.

**Radon:** Radon is a natural, radioactive gas that is produced in the ground by the normal decay of uranium and radium. Studies indicate that extended exposure to high levels of radon gas can increase the risk of lung cancer. Radon can find its way into any air-space, including basements and crawl spaces and can permeate a structure. The U.S. Environmental Protection Agency (EPA) advises corrective action if the annual average exposure to radon exceeds 0.02 working levels or 4 picocuries/liter. If a house has a radon problem, it usually can be cured by increased ventilation and/or by preventing radon entry. Any person who tests, mitigates, or safeguards a building for radon in Pennsylvania must be certified by the Department of Environmental Protection. Information about radon and about certified testing or mitigation firms is available through Department of Environmental Protection, Bureau of Radiation Protection, 13th Floor, Rachel Carson State Office Building, P.O. Box 8469, Harrisburg, PA 17105-8469, (800) 23RADON or (717) 783-3594.

**Mold/Fungi and Indoor Air Quality:** Indoor mold contamination and the inhalation of bioaerosols (bacteria, mold spores, pollen, and viruses) have been associated with allergic responses including upper respiratory congestion, cough, mucous membrane irritation, fever, chills, muscle ache or other transient inflammation or allergy. Claims have been asserted that exposure to mold contamination and bioaerosols has led to serious infection, immunosuppression and illnesses of neuro or systemic toxicity. Sampling of indoor air quality and other methods exist to determine the presence and scope of any indoor contamination. Because individuals may be affected differently, or not affected at all, by mold contamination, the surest approach to determine the presence of contamination is to engage the services of a qualified professional to undertake an assessment and/or sampling. Assessments and samplings for the presence of mold contamination can be performed by qualified industrial hygienists, engineers, laboratories and home inspection companies that offer these services. Information pertaining to indoor air quality is available through the United States Environmental Protection Agency and may be obtained by contacting IAQ INFO, P.O. Box 37133, Washington, D.C. 20013-7133, 1-800-438-4318.

- NOTICE 1:** **THERE IS NO CURRENTLY EXISTING COMMUNITY SEWAGE SYSTEM AVAILABLE FOR THE SUBJECT PROPERTY.** Section 7 of the Pennsylvania Sewage Facilities Act provides that no person will install, construct, request bid proposals for construction, alter, repair or occupy any building or structure for which an individual sewage system is to be installed, without first obtaining a permit. Buyer is advised by this notice that, before signing this Agreement, Buyer should contact the local agency charged with administering the Act to determine the procedure and requirements for obtaining a permit for an individual sewage system. The local agency charged with administering the Act will be the municipality where the Property is located or that municipality working cooperatively with others.

Buyer is advised that soil and site testing were not conducted and that, should the system malfunction, the owner of the Property or properties serviced by the system at the time of a malfunction may be held liable for any contamination, pollution, public health hazard or nuisance which occurs as a result.
- NOTICE 3:** **THIS PROPERTY IS SERVICED BY A HOLDING TANK (PERMANENT OR TEMPORARY) TO WHICH SEWAGE IS CONVEYED BY A WATER CARRYING SYSTEM AND WHICH IS DESIGNED AND CONSTRUCTED TO FACILITATE ULTIMATE DISPOSAL OF THE SEWAGE AT ANOTHER SITE.** Pursuant to the Pennsylvania Sewage Facilities Act, **Seller must provide** a history of the annual cost of maintaining the tank from the date of its installation or December 14, 1995, whichever is later.
- NOTICE 4:** **AN INDIVIDUAL SEWAGE SYSTEM HAS BEEN INSTALLED AT AN ISOLATION DISTANCE FROM A WELL THAT IS LESS THAN THE DISTANCE SPECIFIED BY REGULATION.** The regulations at 25 Pa. Code §73.13 pertaining to minimum horizontal isolation distances provide guidance. Subsection (b) of §73.13 states that the minimum horizontal isolation distance between an individual water supply or water supply system suction line and treatment tanks shall be 50 feet. Subsection (c) of §73.13 states that the horizontal isolation distance between the individual water supply or water supply system suction line and the perimeter of the absorption area shall be 100 feet.
- NOTICE 5:** **THIS LOT IS WITHIN AN AREA IN WHICH PERMIT LIMITATIONS ARE IN EFFECT AND IS SUBJECT TO THOSE LIMITATIONS. SEWAGE FACILITIES ARE NOT AVAILABLE FOR THIS LOT AND CONSTRUCTION OF A STRUCTURE TO BE SERVED BY SEWAGE FACILITIES MAY NOT BEGIN UNTIL THE MUNICIPALITY COMPLETES A MAJOR PLANNING REQUIREMENT PURSUANT TO THE PENNSYLVANIA SEWAGE FACILITIES ACT AND REGULATIONS PROMULGATED THEREUNDER.**

SEWAGE FACILITIES ARE NOT AVAILABLE FOR THIS LOT AND SEWAGE FACILITIES WILL NOT BE AVAILABLE, NOR MAY CONSTRUCTION BEGIN UNTIL SEWAGE FACILITIES PLANNING HAS BEEN APPROVED PURSUANT TO THE PENNSYLVANIA SEWAGE FACILITIES ACT AND REGULATIONS PROMULGATED THEREUNDER.**

## CONDOMINIUM/PLANNED COMMUNITY NOTICE

The **Uniform Condominium Act** defines “condominium” as real estate, portions of which are designated for separate ownership and the remainder of which is designated for common ownerships solely by the owners of those portions. Real estate is not a condominium unless the undivided interests in the common elements are vested in the unit owners.

The **Uniform Planned Community Act** defines “planned community” as real estate with respect to which a person, by virtue of ownership of an interest in any portion of the real estate, is or may become obligated by covenant, easement or agreement imposed on the owner’s interest to pay any amount for real property taxes, insurance, maintenance, repair, improvement, management, administration or regulation of any part of the real estate other than the portion or interest owned solely by the person. The term excludes a cooperative and a condominium, but a cooperative or condominium may be part of a planned community. For the purposes of this definition, “ownership” includes holding a leasehold interest of more than 20 years, including renewal options, in real estate. The term includes non-residential campground communities.

A condominium or planned community may be created only by recording a **declaration** signed by all persons who have an ownership interest in the real estate that will ultimately be transferred to the individual unit owners. A person, persons, or entity that records the declaration is commonly referred as the **declarant**. The Acts require that a declarant that sells a unit in a condominium or planned community provide the purchaser with a **public offering statement**.

### PUBLIC OFFERING STATEMENT

A public offering statement must be offered for the protection of purchasers. ## MEDIATION

### DISPUTE RESOLUTION SYSTEM RULES AND PROCEDURES

1. **Agreement of Parties** The Rules and Procedures of the Dispute Resolution System (DRS) apply when the parties have agreed in writing to mediate under DRS. The written agreement can be achieved by a standard clause in an agreement of sale, an addendum to an agreement of sale, or through a separate written agreement.
2. **Initiation of Mediation** If a dispute exists, any party may start the mediation process by submitting a completed Request to Initiate Mediation DRS Transmittal Form (Transmittal Form) to the local Association of REALTORS® (hereafter “Administrator”). The Transmittal Form should be available through the Administrator’s office. The initiating party should try to include the following information when sending the completed Transmittal Form to the Administrator:
  - a. A copy of the written agreement to mediate if there is one, OR a request by the initiating party to have the Administrator contact the other parties to the dispute to invite them to join the mediation process.
  - b. The names, addresses and telephone numbers of the parties involved in the dispute, including the name of every insurance company known to have received notice of the dispute or claim and the corresponding file or claim number.
  - c. A brief statement of the facts of the dispute and the damages or relief sought.

3. **Selection of Mediator** Within five days of receiving the completed Transmittal Form, the Administrator will send each party to the dispute a copy of the Transmittal Form and a list of qualified mediators and their fee schedules. Each party then has ten days to review the list of mediators, cross off the name of any mediator to whom the party objects, and return the list to the Administrator. The Administrator will appoint the first available mediator who is acceptable to all parties involved.

A mediator who has any financial or personal interest in the dispute or the results of the mediation cannot serve as mediator to that dispute, unless all parties are informed and give their written consent.

4. **Mediation Fees** Mediation fees will be divided equally among the parties and will be paid *before* the mediation conference. The parties will follow the payment terms contained in the mediator’s fee schedule.
5. **Time and Place of Mediation Conference** Within ten days of being appointed to the dispute, the mediator will contact the parties and set the date, time and place of the mediation conference. - a. Will impartially conduct an orderly settlement negotiation.
- b. Will help the parties define the matters in dispute and reach a mutually agreeable solution.
- c. Will have no authority to render an opinion, to bind the parties to his or her decision, or to force the parties to reach a settlement.

This includes, but is not limited to, any opinions or suggestions made by any party regarding a possible settlement; any admissions made during the course of the mediation; any proposals or opinions expressed by the mediator; and any responses given by any party to opinions, suggestions, or proposals.

No privilege will be affected by disclosures made in the course of the mediation.

Transcripts or recordings of the mediation will not be allowed without the prior, written consent of all parties and the mediator.

Records, reports, and other documents received or prepared by the mediator or Administrator cannot be compelled by an arbitration, judicial, or other proceeding, with the exception of an agreement that was reached in the course of mediation and signed by all the parties.

Neither the mediator nor the Administrator can be compelled to testify in any proceeding regarding information given or representations made either in the course of the mediation or in any confidential communication.

9. **Mediated Settlement** When a dispute is resolved through mediation, the mediator will put the complete agreement in writing and all parties will sign the written agreement within ten days of the conclusion of the mediation conference.
